

## AI Speech Translation

Connect with your global audience  
like never before.

Interprenet's AI Speech Translation solution is a game-changer for live meetings and events that require cost-effective yet accurate simultaneous interpretation. Using the most advanced technology, we deliver live translation through natural-sounding AI-generated voices in more than 75 languages in real time, enhancing the reach of your event.

“  
*Interprenet's services have been invaluable for helping us foster equity and accessibility for our students and families.*

CHICAGO MUSICAL  
PATHWAYS INITIATIVE

”

# The Interpretet Advantage™

*Breaking down language barriers  
for everyone.*

## COST-EFFECTIVE

An excellent option for budget-sensitive clients and non-technical subject matters. Competitive rates and subscription plans are available based on your needs.

## EASY SETUP

Our plug-and-play solution makes it easy to hear live speech translation on any mobile device, via app or web browser.

## FLEXIBLE

Available on short notice. Make last-minute changes to your language selection.

## MULTILINGUAL CAPTIONS

Users also benefit from live translated AI captions in any of the languages provided.

## SUPERIOR SUPPORT

Our technical experts provide live support during your event.

## ADAPTS TO YOUR NEEDS

Perfect for both in-person, virtual, hybrid and live-streaming events.

## SCALABLE

Reach your audience of any size anywhere 24/7.

# *Speak to the world with confidence.*

Interprenet AI Speech Translation is the perfect fit  
for your unique multilingual event needs.

Whether you are hosting a business conference, town hall, cultural event, faith service, or virtual meeting, Interprenet's AI Speech Translation solution is the ideal companion to make your event accessible for all.

## *How it works:*

1. Simple setup: Your tech or volunteer at your meeting feeds speaker's audio through our web-based interface.
2. Interprenet's AI Speech Translation does the rest.
3. Your attendees can listen to AI-translated live speech in more than 75 languages.
4. Attendees scan a QR code or enter a URL to start listening on their smartphone app or any web-enabled device.
5. Live multilingual AI captions are also available to complement live speech translation.

“

*Interprenet has provided reliable, responsive, and quality language services for us since 2012. The company greatly values its customers and goes above and beyond to provide great service.*

KOREY RICHARDSON LLP

”

# Interprenet AI Speech Translation gives you options.

*Versatile and scalable - during your live event and beyond.*

- Listen to natural-sounding AI voices.
- Customize voices and accents to your preferences.
- Benefit from accessibility options for the deaf and hard-of-hearing.
- Ensure accuracy of unique terminology like speaker names or technical terms by using our glossary feature.
- Improve accuracy further with every event or meeting thanks to continuous engine learning.
- Share multilingual video recordings of your event with subtitles and embedded voiceovers in any language.
- Broadcast your event to large global audiences in multiple languages on any streaming platform.
